The drums provide an unmistakable rhythm that keeps music alive. Without the drums, songs become less appealing. In fact, along with the bass and guitar, drums help make up the foundation of every great band. When you enroll in our lessons, our professional drum instructors will teach you how to play the drums, how to tune your kit, how to read drum notes, and much more. From beginners through professionals we offer private and class instruction. Whether you'r just beginning or are a seasoned professional we're confident we can design a comfortable, yet challenging program that's just right for you.

At International Music School we believe the key to success in education is inspiration. No amount of training will be effective if an individual isn't inspired to learn.
